GEL NAILS: £20.00

Gellux is a colour gel polish system that can be applied over your natural nails or nail extensions. Your nails are then placed under an LED lamp which cures the gel polish in just 30 seconds! You are then left with beautiful glossy manicured nails, which last up to 15 days chip-free and it won't smudge or fade either. You don't have to have long nails to be able to wear the Gellux range, it looks equally as nice on short nails.
